Tabled: 22/06/21 Signatories: 1

Sarah Olney

That this House recognises the benefits of the Youth Mobility Scheme which allows young people to live, work and study in the UK for up to 24 months; notes the importance of that scheme to the development of young people's understanding of different countries and cultures; further notes that scheme stimulates investment in tourist activities and language schools; recognises that scheme further supports the economy by providing a route for prospective au pairs, who provide an affordable and flexible childcare solution, to come to the UK from other countries and vice versa; acknowledges that scheme is limited in scope in terms of countries that can take part and number of places available; laments that EU countries are not included in the scheme; and urges the Government to expand the scope of the Youth Mobility Scheme in recognition of the benefits it delivers to young people.

That this House welcomes the contributions of Indians to British society; condemns the racism they face on a daily basis; calls on key institutions to urgently address this type of prejudice; recognises the 1.3 million Indians who fought for Britain during WWI and have contributed greatly to all levels

of society over the past century; pays tribute to the thousands of British Indians who work in the NHS and have served the nation tirelessly throughout the covid-19 outbreak; acknowledges research by The 1928 Institute which revealed that 80 per cent of British Indians have faced prejudice because of their Indian identity, with Hinduphobia the most prevalent; abhors the use of dog whistle language including the widespread use of phrases, such as Indian variant, which proliferates anti-Indian racism on social media and in wider society; and calls on the Government to take steps to urgently address this worrying rise.

Tabled: 22/06/21 Signatories: 6

Apsana Begum
John McDonnell
Wera Hobhouse
Caroline Lucas
Jeremy Corbyn
Ian Byrne

That this House notes that recent research indicates a third of local authority owned leisure centres in England are facing closure and that, in Tower Hamlets, St George's Leisure Centre is facing possible permanent closure; believes that the disproportionate impact of the covid-19 outbreak on the most deprived communities highlights the importance of tackling health inequalities and that there are stark inequalities in exercise between people in deprived areas and the rest of the country; further believes that access to local swimming facilities can dramatically improve both physical health and mental wellbeing; and that privatisation of leisure facilities has led to the prioritisation of profit over the value they bring to communities; calls for the Government to make additional funding available to local authorities to keep leisure centres open; and for an end to privatisation in the provision of public leisure facilities.

233 Use of restraints on children and young people

Tabled: 22/06/21 Signatories: 1

Bell Ribeiro-Addy

That this House believes that no child or young person who has not committed nor been suspected of committing a crime be placed in handcuffs or subject to similar forms of restraint; notes with concern the prevalence of handcuffs being used against vulnerable children in the UK's care system by independent providers of secure transportation; understands that there is currently no legal obligation for these providers to report the use of handcuffs to the appropriate authorities and that this prevents an empirical understanding of how often and why handcuffs are being used; recognises the negative impact of such practices on a child's physical and mental health and wellbeing; believes that further action to protect the health and wellbeing of these vulnerable children is needed through early intervention such as mentoring; and calls on the Government to implement the recommendations of the Hope instead of Handcuffs campaign to ban the handcuffing of innocent children and young people in the UK's care system unless there is a considerable risk of the child harming themselves or others and mandate that all organisations involved in the secure transportation of children be legally obliged to report any instances of the handcuffing of these children.

That this House is alarmed by GKN Automotive's decision to close its Birmingham factory next year, with the loss of over 500 highly skilled jobs and work transferred to continental Europe; notes that GKN's origins trace back to the industrial revolution, with over 260 years of history that include making cannonballs for the Battle of Waterloo and parts for Spitfires in the Battle of Britain; further notes that GKN was subject to a hostile takeover in 2018 by venture capitalists Melrose Industries with promises made to rebuild the company into a British manufacturing powerhouse; is disappointed that GKN has rejected Unite the union's alternative business plan to save the factory, which is a major supplier to car plants across the West Midlands; believes that, with the sale of petrol and diesel vehicles ending in 2030, there is an urgent need to develop domestic infrastructure for producing electric vehicles; further believes that the factory can play a key role in the transition to electric vehicles by producing vital components such as the e-Drive axle, an existing GKN technology; welcomes assurances from Ministers that they are committed to doing what they can to save these high-skilled jobs, which could involve investment in capital equipment or skills to stoke the plant's competitiveness (Official Report, 28 April 2021, Cols 127WH 128WH); and calls on GKN to work with the Government and Unite to secure a viable future for the factory, and on the Government to provide whatever support is needed to achieve this.

That this House notes that 4 June marks the 32nd anniversary of the 1989 brutal suppression of peaceful human rights and pro-democracy activists in Tiananmen Square in Beijing in which thousands died or were wounded; recognises that to this day, the family members of the victims are seeking justice for their loved ones; expresses alarm that for the first time since 1990, there was no organised in-person vigil in Hong Kong to commemorate the massacre, as the public was warned that anyone attending the vigil could face up to five years in prison; condemns the Chinese Communist Party's continued violation of the human rights of the Chinese people; expresses concern that the human rights situation in China has rapidly deteriorated under president Xi Jinping; expresses further concern that in the Xinjiang Uyghur Autonomous Region, over one million Uyghurs, Kazakhs and members of other ethnic groups have been detained in re-education camps since 2017 without charge, and numerous reports have emerged from the camps of torture, ill-treatment, forced labour, systematic rape and forced sterilisation; further condemns the Chinese government's continued actions to undermine the human rights to freedom of religion or belief, freedom of expression, and freedom of assembly as laid out in the Universal Declaration of Human Rights; and urges the Government to press the Chinese government in public and in private to end human rights violations in the country.

Alison Thewliss

That this House recognises Loneliness Awareness Week, running from 14 to 18 June; commends the charity Hft's recent Sector Pulse Check 2020 research that highlights the digital barriers which made it difficult for people who have a learning disability to remain in touch with others during the covid-19 outbreak; encourages the Government to take steps to close the digital divide to ensure people who have a learning disability have the opportunity to make and maintain friendships through digital means; and urges the Government to set out explicit actions it will take in response to those digital barriers as part of its Loneliness Strategy.

That this House supports Refugee Week 2021, which takes place from 14 to 20 June with the theme entitled We Cannot Walk Alone; notes that there are an estimated 26 million refugees and 4 million asylum seekers around the world today; further notes that the UK has a proud history of providing sanctuary to those in need, and believes that this tradition must be upheld; further believes that providing refugees with safe and legal routes to the UK is the best way to combat people smuggling and human trafficking and to prevent desperate people from making dangerous attempts to cross the Channel or the Mediterranean; notes with concern that only 353 refugees were resettled in the UK in 2020-21, 93 percent fewer than the previous year; regrets that the Government has not made a new commitment to relocate unaccompanied refugee children from elsewhere in Europe following the closure of the scheme under Section 67 of the Immigration Act 2016 in July 2020; and calls on the Government to urgently make a new long-term commitment to resettle 10,000 vulnerable refugees in the UK each year, as well as a further 10,000 refugee children from elsewhere in Europe over the next 10 years.

Dr Lisa Cameron

That this House welcomes the Call for Evidence on the fur trade in the UK; urges the Government to introduce legislation to ban the import and sale of fur in the UK having first banned fur farms more than 20 years ago, something that is possible now that the UK has left the European Union; believes that, in view of the UK's recognition that fur is too cruel to be farmed here, logically it is also too cruel to be sold here; welcomes the suggestion of such a law in the Government's recent Action Plan for Animal Welfare; acknowledges recent polling showing 72% of the British public welcome a fur sales ban; recognises the widespread political support for a ban on real fur sales and imports; further notes the link between Covid-19 and fur farms reported by the WHO in February 2021 which has resulted in millions of mink being culled across the world over the last year; and believes that a fur import and sales ban represents a significant opportunity for the UK to be a world leader in animal welfare.

That this House regrets the £896 million funding cut to organisations that assist the Governments work on conflict, peacebuilding and stabilisation efforts; notes that these cuts effect the most unstable and impoverished conflict zones in the world including Syria, South Sudan, Nigeria, the Democratic Republic of Congo, and Yemen; is concerned that the cuts will have a ripple effect on organisations and communities ability to address the causes and consequences of insecurity; recognises that this will ruin the chance of hundreds of thousands to live safer lives; acknowledges that these cuts go against the objective set out in the Integrated Review of Security, Defence, Development and Foreign policy which aims to support open societies and defend human rights and tackle conflict and instability; and calls on the Government to meet its key security objectives, abide by its manifesto promise and legal commitment to spend 0.7 percent of GNI on ODA, and reverse the funding cuts to conflict zones.

That this House recognises the suffering that reductions in the UK aid budget will cause; acknowledges that the Government plans to go ahead with proposals for a new Royal Yacht despite continued controversy; further recognises that the Government confirmed they would return aid spending to the regular 0.7 per cent of GNI commitment when it was fiscally prudent to do so; is shocked to see priority being given to a vanity project whilst reducing aid spending; further acknowledges that any Official Development Assistance spent on the Royal Yacht would be depriving deserving projects of much needed funds; and urgently calls on the Government to confirm that no funding for the new Royal Yacht will come out of the international aid budget.

Tabled: **15/06/21** Signatories: **19**

Caroline Lucas
John McDonnell
Wera Hobhouse
Mick Whitley
Kenny MacAskill
Jonathan Edwards

Alison Thewliss

This House believes the decision to delay Stage 4 of the coronavirus roadmap until 19 July 2021 was, regrettably, the right one; recognises that this will be difficult for our constituents and for businesses that continue to be affected by restrictions on their ability to operate; welcomes the support the Treasury has provided to businesses and the self employed to date; calls on the Treasury to recognise that there is a strong case for further support to protect specific sectors of our economy; therefore calls on the Government to retain full furlough, self-employed income support, and full business rates relief, for at least six-months, removing the rateable value limit on business rates relief; further calls for new sector-specific 'recovery grants' with expanded eligibility, the extension of the 5 percent hospitality and tourism VAT rate, a Government-backed Covid-19 events cancellation insurance scheme, an extension of the ban on commercial evictions alongside a moratorium on landlords' right to collect commercial rent to allow a fair arbitration process to be secured, and consideration to be given to writing of Covid loans for businesses worst affected and for the Self-Employment Income Support Scheme to be fixed so those groups excluded to date can access support equivalent to that provided through the Coronavirus Job Retention Scheme.

Tabled: 15/06/21 Signatories: 29

Navendu Mishra
 Grahame Morris
 Daisy Cooper
 Caroline Lucas
 Chris Stephens
 Liz Saville Roberts

Christine Jardine

That this House believes that the Freedom of Information Act (2000) is a landmark piece of legislation which, when properly applied, helps to achieve democratic, public accountability and transparency across government; regrets that, too often, legitimate applications from the public are frustrated, delayed or illegitimately denied; notes that a key principle of the legislation is that requests should be treated in a "applicant-blind" process; further notes with concern indications that the Cabinet Office has been operating a secretive Clearing House, logging and scrutinising the identities of applicants, and withholding information to individuals based on their work as journalists; notes that the Chancellor of the Duchy of Lancaster and Minister for the Cabinet Office went on public record to call such reports "ridiculous and tendentious"; recognises that in a recent Informational Tribunal ruling, the judge found that arguments presented in court by the Cabinet Office about the controversial Clearing House unit were 'misleading' and that there is a "profound lack of transparency about the operation", which might "extend to ministers"; welcomes the vital investigations being held by the Public Administration and Constitutional Affairs Select Committee into these matters, and joins Open Democracy and the National Union of Journalists in calling on the Committee to investigate whether any breach of the Ministerial Code has been committed; and urges that all necessary steps are taken to ensure that Freedom of Information legislation is properly applied and enforced.

That this House notes the recent announcement of 49 redundancies across Visitor Services at the Imperial War Museum and its sister bodies; understands that jobs will be lost at numerous sites including the Churchill War Rooms, Imperial War Museums North and South and HMS Belfast; is aware that the contract for these roles has been outsourced since 2013 with a new contract awarded in January 2021 to ZE Global; is aware that ZE Global took over the Visitor Services contract in April 2021 and announced redundancies four weeks later on May 6th; is concerned that the loss of 49 posts across the estate will not only lead to a significant reduction in expertise and knowledge but will also pose a threat to the safety of those attending each institution; is aware that ZE Global and museum management have conducted a review and drawn up redundancy plans without consulting staff trade unions; and calls on Government to intervene to ensure jobs are retained across the estate and the safety of staff, visitors and exhibits is prioritised.

Mohammad Yasin

That this House recognises the cultural significance of maintaining historical literary documents within the UK for the enjoyment and education of future generations; notes that the Honresfield collection is set to be auctioned later in 2021; further notes that allowing that collection to move into private ownership hampers scholarly access and removes those documents from the heritage landscape in West Yorkshire; asserts that the Honresfield collection would make an ideal centrepiece collection for the proposed British Library North, a potential cultural hub in the North of England; urges the Government to work in collaboration with The Brontë Society to ensure that that collection remains in its place of origin; and further urges the Government to introduce legislative proposals to establish minimum standards of heritage conservation and curation for items of historical literary significance.

That this House calls for the extension of the Bereavement Support Payment and Widowed Parent's Allowance to people who were cohabiting but were not married or in a civil partnership; notes that judgments from the matter of an application by Siobhan McLaughlin for Judicial Review (Northern Ireland) [2018] UKSC 48 and R (Jackson & Others) v SSWP [2020] EWHC 183, found that denying co-habiting parents the payments constitutes a breach of human rights and is not a proportional means of promoting marriage; further notes it has been nearly a year since the Government outlined its intention to take forward a Remedial Order to remove the incompatibilities of an extension from the legislation governing Bereavement Support Payment Widowed Parent's Allowance; and calls on the Government to swiftly fulfil the judgments of the courts to fix this manifestly unjust situation which affects some 2,000 families with children annually.

That this House expresses its profound concern at recent events in the occupied Palestinian territory and Israel; welcomes the ceasefire which began on 21 May 2021; calls for every effort to be made to end all attacks and forms of aggression, address the underlying causes and hold those responsible fully accountable; recognises that genuine calm and de-escalation can only be achieved with the full realisation of Palestinian rights and the end of Israel's systematic discrimination against Palestinians in Israel and the occupied Palestinian Territory; and calls on the UK Government to work to end the 54 years of occupation and 14 years of the blockade of the Gaza Strip, lift the blockade of Gaza and allow the free flow of goods both way and ensure the tunnels under the Gaza-Egyptian border are closed off permanently with international monitoring, strengthen support for UNRWA and work with international partners to put it on a sustainable long-term financial footing to ensure the dignity of Palestinian refugees until such a time as a just and sustainable solution is achieved, work to ensure the holding of free and fair Presidential and Parliamentary Palestinian elections throughout the occupied Palestinian Territory including East Jerusalem, end Israel's systematic discrimination against Palestinians including its own Palestinian citizens, ensuring all mob attacks are fully investigated and use every diplomatic method to bring about a peace process that can resolve this conflict on the basis of international law, justice and the end of all discrimination to ensure a secure and lasting peace.

That this House calls on the Government to bring forward proposals to amend the Conservation of Seals Act 1970 to make it an offence committed if a person (or a third party controlled by the person, including but not limited to; dogs, drones or vessels) intentionally or recklessly kills, injures, takes, disturbs or harasses a seal; recognises the importance of making legislation on disturbance of seals consistent with that for whales and dolphins; notes that seals, like nesting seabirds, are even more vulnerable to disturbance because of their need to rest, digest, moult, socialise and pup on land; further notes that disturbance includes all actions that change a seal's behaviour or its environment, affecting its wellbeing or survival prospects; understands that seals are highly mobile marine species that swim from site to site and need protection to follow them anywhere around the UK; recognises that such an amendment to existing legislation would have protected Freddie the seal in the River Thames, who regrettably died following a dog attack in 2021; further recognises that seals make a positive contribution to local economies, providing ecosystem and health and wellbeing benefits; and further calls on the Government to amend existing legislation and continue to work with local authorities and seal conservation and welfare organisations to help educate the public on the importance of protecting the UK's globally rare and native species.

That this House notes with concern that the transport industry currently estimates the labour shortages of Heavy Goods Vehicle (HGV) drivers to be between 60,000 and 76,000; recognises that whilst shortages are a longstanding issue, a combination of factors have exacerbated the situation and led to the current crisis point; these factors include the increasing number of retiring drivers, restrictions to vocational driving tests during the pandemic impacting the industry's ability to train and recruit new drivers, and the loss of EU drivers due to uncertainty over their future rights to live and work in the UK; is concerned that haulage businesses have thousands of HGVs parked up because there are no drivers to drive them and that statistics released by the Road Haulage Association show that, as a result, lead times for deliveries have extended from an average of 24 hours to more than 80 hours; is further concerned about the knock on impact on supply chains; and calls on the UK Government to urgently add HGV drivers to the Shortage Occupation List.

That this House notes its concern over the recent arrests of a further five employees of Hong Kong newspaper Apple Daily on the suspicion of national security violations; recognises the importance of a free, open and robust media for holding the powerful to account and is concerned that these arrests mean that such a media no longer exists in Hong Kong; condemns the Hong Kong authorities for using the national security law to target Hongkongers who support democracy and

human rights; welcomes those Hongkongers who have arrived in the UK to make a new life for themselves and to escape the brutality of the Chinese Communist Party; and commends the bravery and resilience of those Hongkongers who continue to fight for the freedom of their homeland.

That this House is concerned that many resident EU citizens may lose their rights to live and work in the UK following the June 30 2020 deadline of the EU Settlement Scheme; notes that over 5 million applications have been made to the Scheme, over 90,000 coming from people in Wales; further notes that as the Government does not know the precise numbers of eligible people, it is not possible to know how many have not yet registered; acknowledges the barriers that some EU citizens and non-EU family members face in obtaining settled status, including a lack of awareness or understanding, misconceptions regarding the application process, difficulties evidencing residency or identity and confusion around deadlines; recognises that eligible applicants may lose their rights if their case is unresolved beyond 30 June 2020 and that this will likely impact upon vulnerable applicants with complicated cases; and calls on the Government to extend the application deadline beyond June 30, ensuring that nobody loses their current rights and fulfilling its commitment to fair treatment for all resident EU nationals in the UK as outlined in the EU (Withdrawal Agreement) Act 2020.

That this House notes that a significant number of Muslim young people do not take up a university place because the only student finance available involves payment of interest; notes that former Prime Minister David Cameron pledged in October 2013 at the World Islamic Economic Forum in London that the UK would introduce alternative student finance so that never again should a Muslim in Britain feel unable to go to university because they cannot get a loan simply because of their religion; further notes that in 2014, the Government announced following a consultation that it would provide Alternative Student Finance based on the takaful model; regrets that this commitment has still not been delivered; and calls on the Government to reaffirm its commitment to providing alternative student finance, and to announce a clear timetable for delivering it in time for the 2022-3 academic year.

228 Dr Sulaiman Tameer and animal welfare in the Kurdistan Region of Iraq

Tabled: 21/06/21 Signatories: 3

Robert Halfon

Mohammad Yasin

That this House commends the determination of Dr Sulaiman Tameer, a vet from Duhok and founder of the Kurdistan Organization for Animal Rights Protection, to advance animal welfare legislation, as recently detailed by Joanne Stocker-Kelly for the Guardian newspaper; notes growing political support for him in the Kurdistan Region, which lacks a ban, for instance, on dog fighting and any standards for slaughterhouses; further notes that Dr Tameer's proposals echo the UK's animal welfare principles of upholding protection from hunger and thirst, discomfort; pain, injury or disease, the freedom to express normal behaviour, and freedom from fear and distress; and believes that Dr Tameer's pioneering work illustrates the willingness, in difficult circumstances, of the Kurdistan Region to overcome various legacies of its past.

That this House congratulates the creators, cast and crew of the BBC One drama Time for shining a much-needed spotlight on the poor conditions endured by prisoners and prison staff; praises the authenticity and originality of this mini-series and the mesmerising but distressing way it highlights the extreme challenges facing anyone living or working in a prison; welcomes the resulting increased public interest in this critical component of our criminal justice system and the growing understanding that, unlike redemption, rehabilitation is impossible within violent and squalid prisons; and urges Ministers to watch Time, available on iPlayer, and to use shifting public opinion as an opportunity to take all necessary steps to minimise violence and other harm against prisoners and prison staff, starting with urgent investment to raise the level of prison officer experience, which has fallen every year since 2012.
