BUSINESS OF THE DAY

1. KING'S SPEECH (MOTION FOR AN ADDRESS): ADJOURNED DEBATE [8 NOVEMBER]

Until 5.00pm (Standing Order No. 9(3))

Proposed subject for debate: Making Britain a clean energy superpower

That an Humble Address be presented to His Majesty, as follows:

Most Gracious Sovereign,

We, Your Majesty's most dutiful and loyal subjects, the Commons of the United Kingdom of Great Britain and Northern Ireland in Parliament assembled, beg leave to offer our humble thanks to Your Majesty for the Gracious Speech which Your Majesty has addressed to both Houses of Parliament.

Amendment (a)

Caroline Lucas

At end add 'but respectfully regret that the Gracious Speech fails to deliver urgent and transformative action to address the climate emergency; note that the approval of the Rosebank oil field and the commitment to new oil and gas licences threaten the delivery of the UK's climate targets; and call on the Government to bring forward a Just Fossil Fuel Phaseout Bill to remove the duty to maximise economic recovery of petroleum from the North Sea, legislate for a rapid end to oil and gas extraction, and deliver a just transition for workers and communities, to enact a Green New Deal to upgrade the UK's cold and leaky

homes, unleash renewable energy, and shift to a system to deliver affordable and sustainable food, whilst creating jobs in every constituency, to bring forward a Clean Air (Human Rights) Bill to establish a right to breathe healthy air, to strengthen the Renters (Reform) Bill by including measures to control rents, raise energy efficiency standards, and require landlords to swiftly act on health hazards and to introduce a new English Right to Roam Bill to deliver a comprehensive right of responsible access in England, improve physical and mental health, and transform the UK's relationship with nature.'

At end add 'but respectfully regret that the Gracious Speech fails to include measures to ensure the Government upholds international humanitarian law and protect civilians in Israel and Palestine; utterly condemn Hamas' appalling killing of Israeli civilians and taking of hostages; agree with the United Nations Secretary-General that these crimes do not justify the collective punishment of the Palestinian people; express alarm at the Israeli military's total siege and bombardment of

Gaza and the resulting high number of deaths and at an increase in Israeli army and settler violence in the West Bank; believe that the urgent priority must be to stop civilian deaths and suffering; welcome the growing calls for a ceasefire, including from the United Nations Secretary-General, the First Minister of Scotland, the mayors of London and Greater Manchester, and 76 per cent of the UK public, according to opinion polls; and therefore call on the Government to urgently press all parties to agree to an immediate ceasefire, the immediate and unconditional release of hostages, an end to the total siege of Gaza to allow full access to medical supplies, food, fuel, electricity and water, and a guarantee that international humanitarian law is upheld.'

have to live in poverty should be reflected in legislation; and call on the Government to bring forward legislative proposals to eradicate child poverty.'

Biodiversity Framework to halt and reverse nature loss by 2030; note with alarm that the increase in the global average temperature has exceeded 1.2°C and that according to the Intergovernmental Panel on Biodiversity and Ecosystem Services, one million animal and plant species are threatened with extinction; acknowledge that the UK has committed to net zero by 2050, but that this target relies on costly and uncertain negative emissions technologies and does not reflect the UK's international responsibilities, and that the UK risks missing its Fourth and Fifth Carbon Budgets; call on the Government to introduce a Climate and Ecology Bill to provide an evidence-based statutory framework which would fulfil the UK's international climate and nature responsibilities, take a joined-up approach to addressing the climate and ecological emergencies, deliver a just transition to a zero-carbon, nature-positive society, and demonstrate leadership ahead of COP28; and further call on the Government to make time to debate that Bill.'

At end add 'but respectfully regret that the Gracious Speech fails to include measures that address the risks that artificial intelligence poses to human rights, equalities and public

trust in institutions; note that harmful uses of artificial intelligence are already proliferating across the United Kingdom, including live facial recognition surveillance, automated decision-making tools being used to process welfare claims, workers potentially being subject to discriminatory hiring practices, and lawful speech at risk of being removed from online platforms without human oversight; further note that artificial intelligence may have biases which disproportionately discriminate against people of colour, women, disabled people and individuals with other protected characteristics; and call on the Government to introduce a Digital Bill of Rights in order to prohibit the most dangerous uses of artificial intelligence and introduce much needed safeguards for rights.'
