3 Speaker's Statement: Selection of Amendments

4 Opposition Day: Leader of the second largest opposition party (5th allotted day (Standing Order No. 14))

Ceasefire in Gaza

Motion made and Question proposed, That this House calls for an immediate ceasefire in Gaza and Israel; notes with shock and distress that the death toll has now risen beyond 28,000, the vast majority of whom were women and children; further notes that there are currently 1.5 million Palestinians sheltering in Rafah, 610,000 of whom are children; also notes that they have nowhere else to go; condemns any military assault on what is now the largest refugee camp in the world; further calls

for the immediate release of all hostages taken by Hamas and an end to the collective punishment of the Palestinian people; and recognises that the only way to stop the slaughter of innocent civilians is to press for a ceasefire now.—(*Brendan O'Hara.*)

Amendment proposed, in line 1, to leave out from 'House' to the end of the Question and add 'believes that an Israeli ground offensive in Rafah risks catastrophic humanitarian consequences and therefore must not take place; notes the intolerable loss of Palestinian life, the majority being women and children; condemns the terrorism of Hamas who continue to hold hostages; supports Australia, Canada and New Zealand's calls for Hamas to release and return all hostages and for an immediate humanitarian ceasefire, which means an immediate stop to the fighting and a ceasefire that lasts and is observed by all sides, noting that Israel cannot be expected to cease fighting if Hamas continues with violence and that Israelis have the right to the assurance that the horror of 7 October

2023 cannot happen again; therefore supports diplomatic mediation efforts to achieve a lasting ceasefire; demands that rapid and unimpeded humanitarian relief is provided in Gaza; further demands an end to settlement expansion and violence; urges Israel to comply with the International Court of Justice's provisional measures; calls for the UN Security Council to meet urgently; and urges all international partners to work together to establish a diplomatic process to deliver the peace of a two-state solution, with a safe and secure Israel alongside a viable Palestinian state, including working with international partners to recognise a Palestinian state as a contribution to rather than outcome of that process, because statehood is the inalienable right of the Palestinian people and not in the gift of any neighbour.'.—(*Mr David Lammy.*)

Question proposed, That the Amendment be made.

The Deputy Speaker announced a time limit on backbench speeches (Standing Order No. 47(1)).

5 Motion to sit in private

Question put, That the Amendment be made.

Question agreed to.

Main Question, as amended, put and agreed to.

Resolved, That this House believes that an Israeli ground offensive in Rafah risks

catastrophic humanitarian consequences and therefore must not take place; notes the intolerable loss of Palestinian life, the majority being women and children; condemns the terrorism of Hamas who continue to hold hostages; supports Australia, Canada and New Zealand's calls for Hamas to release and return all hostages and for an immediate humanitarian ceasefire, which means an immediate stop to the fighting and a ceasefire that lasts and is observed by all sides, noting that Israel cannot be expected to cease fighting if Hamas continues with violence and that Israelis have the right to the assurance that the horror of 7 October 2023 cannot happen again; therefore supports diplomatic mediation efforts to achieve a lasting ceasefire; demands that rapid and unimpeded humanitarian relief is provided in Gaza; further demands an end to settlement expansion and violence; urges Israel to comply with the International Court of Justice's provisional measures; calls for the UN Security Council to meet urgently; and urges all international partners to work together to establish a diplomatic process to deliver the peace of a two-state solution,

with a safe and secure Israel alongside a viable Palestinian state, including working with international partners to recognise a Palestinian state as a contribution to rather than outcome of that process, because statehood is the inalienable right of the Palestinian people and not in the gift of any neighbour.
