## 5 Finance (No. 2) Bill: Second Reading

Motion made and Question proposed, That the Bill be now read a second time.

Amendment moved, in line 1, to leave out from 'That' to the end of the Question and add 'this House declines to give a Second Reading to the Finance (No. 2) Bill because it fails to make a much-needed reduction in VAT for the hospitality and tourism sectors; fails to reintroduce tax-free shopping for international visitors; does not establish a more progressive tax system by introducing a starter rate, in line with the Scottish Government's approach; fails to introduce measures through the tax system that would help alleviate the cost of living crisis and reduce inequality; and fails to introduce tax relief measures to enable vital high-growth sectors, like the renewable sector, to grow the economy; and because it derives from a Budget which proposed to extend the Energy (Oil and Gas) Profits Levy, threatening the security of jobs in north east Scotland and the UK's ability to achieve net zero.'—(*Drew Hendry.*)

#### **11 Licensing Hours Extensions Bill**

Bill to be considered on Friday 17 May.

### *Reasons Committees: Reports*

#### **12 Safety of Rwanda (Asylum and Immigration) Bill: Reasons Committee**

Michael Tomlinson reported that the Committee had agreed the following Reasons:

Lords Amendment 1D

Because the Commons consider that the provisions of the Bill are compliant with domestic and international obligations, and that it is therefore not necessary to refer expressly to having due regard for domestic and international law when setting out the purpose of the Bill.

Lords Amendment 3E

Because the Commons consider that it is not necessary to refer expressly to the arrangements in the Rwanda Treaty being, and continuing to be, implemented and adhered to; the Bill is clear that it comes into force on the day on which the Rwanda Treaty enters into force and it is not appropriate for the Bill to legislate for Rwanda adhering to its obligations under the Treaty as Rwanda's ongoing adherence to its Treaty obligations will be subject to the monitoring provisions set out in the Treaty.

Lords Amendment 6D

Because the Commons consider that it is not appropriate to leave out clause 4 of the Bill and insert the new clause in the Amendment, as the Bill allows decision-makers to consider claims that Rwanda is unsafe for an individual due to their particular circumstances.

Lords Amendment 10D

Because the Commons consider that it is not necessary as the only way individuals should come to the UK is through safe and legal routes.
