6 Great British Energy Bill: Second Reading

Motion made and Question proposed, That the Great British Energy Bill be now read a second time.

Amendment proposed, to leave out from 'That' to the end of the Question and add 'this House, while recognising the need to cut household energy bills for families, accelerate private investment in energy infrastructure, and protect and create jobs in the energy industry across the UK, declines to give a Second Reading to the Great British Energy Bill because Great British Energy will not produce any energy, will not reduce

household energy bills by £300, does not compensate for the amount of investment in energy projects that will be deterred by the Government's plans to prematurely shut down the UK's oil and gas sector, and involves an unjustified use of taxpayers' money at a time when the Government is withdrawing the Winter Fuel Payment from 10 million pensioners as energy bills rise.'.—
(*Claire Coutinho.*)
