and Care Plan, or who are in the process of applying for one, all children on SEN support, Centres for Advanced Training and schools in the Music and Dance Scheme, all children at schools whose fees are lower than the average per capita funding for a state school place, and children at religious schools of denominations for whom there is no faith school provision in the state sector; further calls on the Government to postpone imposition of the VAT charge for schools in areas where state schools in the relevant key stage are already on average over 95% full; also calls on the Government to postpone imposition of the VAT charge for fees paid in respect of children who have started a public examination course, to September 2025 for pupils currently in Year 11 or Year 13, and to September 2026 for pupils currently in Year 10 or Year 12; and calls on the Government to publish a full impact assessment of the effects of this policy on independent schools and the state sector ahead of the Budget.—

to technology and productivity schemes announced earlier this year will be used in full and without delay, that no reduction to the farming budget will be made and that any underspends will be rolled forward as in previous years, and to keep farming and food production high on the agenda by committing to continue to host the annual Farm to Fork Summit in Downing Street, continuing to publish the annual food security index, and appointing a Tenant Farming Commissioner; and further calls on the Government to secure the long-term future of domestic food production by ensuring the best agricultural land is protected from inappropriate development, including large solar developments, by tackling rural crime, and by ensuring that the next generation can get into farming by protecting Agricultural Property Relief.—
