That leave be given to bring in a Bill to provide that, where a public body collects data about ethnicity for the purpose of delivering public services, it must include specific “Sikh” and “Jewish” categories as options for a person’s ethnic group; and for connected purposes.

Notes:

The Member moving and a Member opposing this Motion may each speak for up to 10 minutes.

2. Opposition Day (4th Allotted Day)**Until 7.00pm** ([Standing Order No. 9\(3\)](#))**■ UK farming and Inheritance Tax****Mrs Kemi Badenoch****Rebecca Harris****Victoria Atkins****Mel Stride****Andrew Griffith****Kevin Hollinrake**

Robbie Moore

Mims Davies

Andrew Bowie

Dr Neil Hudson

That this House regrets that the Government has undone its promises to farmers, and is seeking to punish them with Inheritance Tax bills of hundreds of thousands, or even millions, of pounds by cutting Agricultural Property Relief and Business Property Relief; further regrets that the Government has provided conflicting information on the number of farms that will be affected, and has not conducted an impact assessment of this approach; notes that figures from the National Farmers’ Union suggest that some three quarters of farms will be affected; further notes that farmers tend to be asset-rich but cash-poor and that figures from the Country Land and Business Association suggest the average arable farm will have to sell 20% of its land to pay the Inheritance Tax bill that this policy will cause; notes that the Central Association of Agricultural Valuers anticipates that this will affect 75,000 owners of farming businesses over a generation; notes also that this land is not guaranteed to be used for food production if sold; and calls on the Government not to impose the cuts to Agricultural Property Relief and Business Property Relief set out in the Budget that will lead to the end of family farming as it has been known for many generations in the UK.

Amendment (a)**The Prime Minister****The Chancellor of the Exchequer****Secretary Steve Reed****Darren Jones****Daniel Zeichner****James Murray**

Tulip Siddiq

Sir Alan Campbell

Leave out from “House” to end and add: “thanks farmers for their immense contribution to the UK economy and the nation’s food security; welcomes the Government’s commitment of £5 billion to the farming budget over the next two years, the biggest budget for sustainable food production and nature recovery in UK history; acknowledges that the Government is having to make difficult decisions to protect farms and farmers in the context of the £22 billion fiscal blackhole left by the previous Government; recognises that the Government is seeking to target Agricultural Property Relief and Business Property Relief to make them fairer whilst also fixing the public services that everyone relies on; and notes that under the changes announced in the Budget around three quarters of claims for Agricultural Property Relief, including those that also claim Business Property Relief, are expected to not pay more Inheritance Tax.”

■ Increase in employers’ National Insurance contributions**Mrs Kemi Badenoch****Rebecca Harris****Mel Stride****Andrew Griffith****Stuart Andrew****Laura Trott**

That this House regrets that increasing the rate of employers’ National Insurance contributions (NICs) to 15%, and reducing the per-employee threshold at which employers become liable to pay NICs on employees’ earnings to £5,000, will lead to increased costs for businesses and lower wages for employees, including in particular young people; will force companies to cut employment, leading to some 130,000 job losses according to Bloomberg Economics; will increase costs for retailers by £2.3 billion according to the British Retail Consortium, leading to higher prices for consumers; will create an annual additional bill of £1.4 billion for charitable service providers according to the National Council for Voluntary Organisations, so they will struggle to maintain support for vulnerable people; and will increase childcare costs for families; further regrets that the Government has not published its complete assessment of the effect this policy will have on the public and private sector,

or indeed any impact assessment; and regrets also that, as a result of the Government's economic policies, GDP forecasts are down, inflation is up and business confidence is down.

Notes:

The selection of the matters to be debated has been made by the Leader of the Opposition ([Standing Order No. 14\(2\)](#)).

Performance of the Medicines and Healthcare Products Regulatory Agency

Esther McVey

That this House notes that the Medicines and Healthcare Products Regulatory Agency (MHRA) continues to need substantial reform, as recognised by the Independent Medicines and Medical Devices Safety Review (IMMDS), with patient safety concerns persisting and exacerbating since the review's publication in 2020; believes that the MHRA's 2017 expert working group report on Primodos was deeply flawed, with IMMDS later concluding the drug had caused avoidable harm; further notes that the yellow card system for reporting suspected adverse drug reactions is failing, with no process for following up on serious or fatal reactions and conflicts of interest, with 75% of the MHRA's funding being derived from industry fees, a concern raised in the Fourth Report of Session 2004-05 of the Health Committee, The Influence of the Pharmaceutical Industry, HC 42-I, published on 5 April 2005; also notes the MHRA's delayed response to reports of myocarditis, pericarditis and vaccine-induced thrombotic thrombocytopenia following covid-19 vaccination, despite action from regulators in other countries; and calls on the Government to fully implement the recommendations in the IMMDS review and to acknowledge the harm done to patients and the financial burden on the healthcare system as a result of the MHRA's widespread regulatory failures.
