6 Backbench Business

(1) High street banking closures and banking hubs

Motion made and Question proposed,
That this House recognises the importance of banking facilities to local communities and expresses concern over the precipitous

decline over the past 40 years; notes the change to banking habits through online services; further recognises that, for vulnerable people, face-to-face banking is a vital service and a reduction of branches risks significant financial exclusion; further notes the impact of a loss of physical banking on small businesses through lost productivity and lost footfall; also notes the innovative nature of banking hubs as a solution to a loss of high street banking, but recognises that Financial Conduct Authority rules for their recommendation are too inflexible; and calls on the Government to instigate a review into the impact on communities of bank branch loss and a change to the regulations to ensure communities have appropriate access to banking facilities.—(*Ian Lavery.*)

The Deputy Speaker announced a time limit on backbench speeches (Standing Order No. 47(1)).

Question put and agreed to.

(2) Safety regulations in the construction and planning of battery energy storage sites

Resolved, That this House recognises the unique challenges posed by lithium-ion fires in battery energy storage sites; and calls on the Government to bring forward enforceable national regulations for their design and construction.—(*John Milne.*)
